

POLICY 240: Anaphylaxis

The Board of Education for School District No. 8 (Kootenay Lake) has the responsibility to be prepared to respond to medical emergencies such as anaphylaxis. The Board also recognizes the right of children and staff to attend school and to work in a safe environment. While it is impossible for the Board to ensure an allergen-free environment, the Board is committed to making schools as safe as possible for children and staff. As a result, the Board will take steps to alter the environment to accommodate children and staff who are susceptible to anaphylaxis in the school setting. Further, the School District's Administrative Procedure 240.1 Anaphylaxis shall set forth the procedures to meet these goals, including complying with the requirements of any applicable Ministerial Orders.
