

POLICY 270: Memorials for Deceased Members of the School Community

The purpose of this policy is to clarify the criteria and the approval for proposed memorials for students or staff.

The Board is committed to ensuring that potential impacts of memorials on staff, students and families affected by a death are fully considered, and to ensuring that staff make connections, as possible, to appropriate school and community resources.

Sometimes, in the immediate aftermath of a critical incident or death, memorials are proposed without full consideration of the potential implications for students, staff, families, and the community. This policy provides District parameters to guide decision-making regarding school-related memorials.
