

WHERE TO START?

Well, this year School District 8 and Selkirk College are teaming up to offer an epic *academy-style* program for students in grade 11 and 12. In this program, you will learn skilled trades such as **Carpentry, Electrical, Heavy Duty Mechanics, and Welding** in Selkirk College shops. Time in the course will be split between LVR and Selkirk, with 10 weeks of classes being hands-on learning at Selkirk College's Silverking Campus. During the course there will be an opportunity to work in a trade of your interest through a work experience placement and get your Grad Trans 12 or Planning 10 (Career Life Education 10). In this course, you will earn up to 20 credits towards your graduation while learning invaluable skills and seeing if a career in the trades would work for you.

DREAM JOB CHECKLIST:

- Ever-changing work environment
- Hands-on, interesting, challenging work
- Flexible work schedule, opportunity to start your own business
- Great pay
- Little to no debt from school
- Great opportunities for growth and learning in the future.

Does this sound like a **dream job** to you? If so, maybe you would be interested in working in a **trade**.

We are looking for students to join the **Selkirk & SD8 Trades Sampler Class**, so if this sounds like something that would interest you, you can talk to your counsellor for more information!
