## Consideration of School Closures

### Notice of Public Meetings

At the Board Meeting held on May 3, 2016, the Board of Education decided to advance six schools for the consideration of closure process as part of its Draft Facilities Plan. This does not mean they have decided to close these six schools. The consideration for closure process includes a 60 day consultation period as well as a community consultation meeting in each school being considered for closure. During this time, Trustees can consider many aspects of the closure consideration scenario, before the Board makes a decision to close a school.
