2020-2021 Budget Considerations Ministry of Education Mandate

- Fast-track enhancement to K-12 education funding.
- Review the funding formula to develop a stable and sustainable model for the K-12 education system.
- Provide additional annual funding to ensure students have the school supplies they need to succeed.
- Create an ongoing capital fund for school playgrounds.
- Make schools safer by accelerating the seismic upgrade program.
- Work in partnership to build and upgrade schools in every region of the province.
- Implement the new First Nations history curriculum, develop full-course offerings in Aboriginal languages and implement the educational Calls to Action from the Truth and Reconciliation Commission.
- Implement BC's new school curriculum and provide new technology, lab equipment, learning
- material and professional development support for teachers.

2020-2021 Budget Considerations Education Statutes Amendment Act - Feb 2020

- Articulating a board of education's mandate regarding the provision of before and after school care.
- Clarifying the authority to issue provincial graduation certificates to students and adult students who complete Grade 12 at schools operated by First Nations.
- Allowing personal education numbers (PENs) to be assigned to children who are resident in BC.
- Supporting the implementation of the Ministry's K-12 Funding Review project to enhance the K-12 funding model.

2020-2021 Budget Considerations Student Symposium Resolutions

- **THAT**, all SD8 students learn about awareness, empathy and understanding of issues centered around different cultures and the LGBTQ+ communities.
- **THAT**, the district aim toward providing more funding, programming, or emphasis on extending learning to "after school" possibilities. This may be done through Career Ed, or by doing district trips to post-secondary institutions, for example.
- **THAT**, Operations work toward upgrading the field at Crawford Bay Elem/Secondary School.
- **THAT**, all SD8 schools receive access to more equipment, funding in order to implement more extra-curricular activities and opportunities for clubs, teams, and other after school groups to access transportation.
- **THAT**, the Student-led Board approve a policy outlining the expected condition of all our District bathrooms.
- **THAT**, the Student-led Board approve a policy supporting further "Go Green" environmental initiatives throughout the District.

Aging pipes and other infrastructure which may contain harmful substances or compromise health needs to be replaced. Health of students and staff is a top priority.

All schools in our family of schools are a major part of the communities where they are located. They bring people together.

Less spending on management positions an more money in the classroom helping children Our children are what is most important

LVR is excessively cramped. What is the plan here? No room for students to study other than the library. Every classroom full. Classes cancelled because of no space. Academics held in tech classes.

Work should have been completed during the summer Asbestos remediation, heat being cut off, gas line hit while crews dug. Gym full of equipment at one point. All this happened with children in classes
