

AP 3311: Vandalism

Any student who willfully or irresponsibly damages or destroys school property is to be financially responsible for such damage.

The district is insured by the School Protection Program, an agency of the provincial government, and therefore must act consistently with the requirements of the insuring agency.

Procedures

1. When school property is damaged or destroyed, the principal or designate shall investigate the matter and attempt to determine responsibility. Where applicable, a report will be filed.
2. Damage to buses will be investigated by the Manager of Operations and reported to the principal or designate.
3. If in the opinion of the principal or designate, school property was damaged or destroyed willfully or irresponsibly, the district will pursue restitution that includes materials and labour costs.
4. The district will recover the cost of damage to district property from the responsible party, or, in the case of minors, from their parents or guardians.
5. When it is believed that the party would better learn responsibility for their actions by doing work around the school, this action may be taken.
