AP 5901: Asbestos

School District No. 8 (Kootenay Lake) endeavors to maintain an asbestos-free school and worksite environment.

Procedures

- 1. When an asbestos-free school and worksite is not possible, a containment and labeling program shall be established and monitored by the Director of Operations or designate as outlined in Administrative Procedures Appendix 5901 Asbestos Management Plan.
- 2. As opportunities arise due to renovations or construction, asbestos containing building materials will be replaced with materials that are free of asbestos.
