

2.2.2 Parent Consent for Consultation

Date _____

Dear Parent / Guardian,

In supporting students with their progress, the school-based team sometimes requests support from the district inclusion teacher.

The goal of a consult is to assist the team in determining strategies to support students in the classroom environment.

Consultations typically consist of meeting with school staff and parents, completing a short classroom observation and writing a report with recommendations.

We ask for your consent for the district inclusion teacher to complete a student consultation and compile a report. Please complete the portions below if you consent.

I, _____ provide consent for my child,
(Parent Name - Printed)

_____ to participate in a classroom observation.
(Student Name - Print)
