

3.20 Essential Supports for Access

These are supports identified through hearing, vision, medical, or psycho-educational testing and are necessary in order for the student to access the curriculum.

Multiple Means of <i>Engagement</i> Why we are doing this. - Self Regulation, the Engagement, the persistence, and the grit	Multiple Means of <i>Representation</i> How we present information. - symbols, visuals, written, videos	Multiple Means of <i>Expression and Action</i> How students can express their learning. What goals they need to set and how will they approach a problem
