To Whom It May Concern,

School District No. 8 (Kootenay Lake) is writing to inform child care operators/organizations within our communities of an upcoming change and a potential opportunity.

School District 8 has been operating a Ministry of Education and Child Care Seamless Day Project at Winlaw Elementary School since January 2022. The Ministry of Education and Child Care funding for this project ends effective June 30, 2026, creating an opportunity for child care operators in SD8 communities.

SD8 recognizes the importance of accessible child care for families in the Winlaw community and is committed to exploring partnerships that support continuity of service for students and families. Therefore, SD8 is seeking expressions of interest from child care operators who may wish to lease space on school grounds to operate a licensed child care program.

Operators/Organizations with interest in leasing this space would be responsible for:

- Holding and maintaining appropriate child care licensing with the Interior Health Authority;
- Meeting the requirements for leasing space on school grounds for the purpose of operating a child care centre according to the [BC School Act \(Sections 85.1, 85.3, 85.4\)](#) and SD8's [Policy 660 \(Provision of Child Care\)](#) and [Administrative Procedure 3406 \(Provision of Child Care\)](#).
- Meeting regulatory, staffing, and operational requirements to operate a licensed child care centre on school grounds; and
- Entering into a lease agreement with School District 8, subject to District terms and approvals.

At this stage, SD8 is seeking **expressions of interest** from licensed child care operators/organizations to run a licensed child care centre at Winlaw Elementary School, starting September 1, 2026.
